

**ERRATUM: F. GESZTESY, S. HOFMANN, AND R. NICHOLS, MFAT
19 (2013), NO. 3, 227–259**

FRITZ GESZTESY, STEVE HOFMANN, AND ROGER NICHOLS

The following corrections should be made in [1]:

p. 236, in (2.36), $E > 0$ should be $E \geq 1$.

p. 238, in lines 5 and 8, $E > 0$ should read $E \geq 1$.

p. 246, in line 2, $E_1 > 0$ should read $E_1 \geq 1$.

p. 252, in Hypothesis A.2, one should assume in addition to (A.11) and (A.12) that

$$\lim_{E \rightarrow \infty} \|A(T_0 + EI_{\mathcal{H}})^{-1/2}\|_{\mathcal{B}(\mathcal{H}, \mathcal{K})} \| \overline{(T_0 + EI_{\mathcal{H}})^{-1/2} B^*} \|_{\mathcal{B}(\mathcal{K}, \mathcal{H})} = 0.$$

p. 255, the reference [31, Lemma 2.10 and eq. (2.76)] in Lemma C.3 should be [31, Lemma 2.11].

p. 255, the supremum should be taken over $E \geq 1$ in both (C.8) and (C.9).

No principal result in [1] is affected by these corrections.
